

BASE BALL.—The match played yesterday between the Guelphites and the Maple Leaf Club of this city, resulted in a drawn game. The Guelph players desired to leave for home by the evening train, and as the game was not played out the umpire had no alternative but to call the game drawn. In all probability had the game been played out the Guelphites would have been victorious. The Umpire, Mr. Casgriff, of the Mechanics' Club, Dundas, discharged his duties very impartially, but not being used to this position, he failed to interpret quite correctly one or two of the rules. The following is the score:
