

BASE BALL.—The third match of the season, between the "Maple Leaf" and "Active" Base Ball Clubs of this city, was played on the grounds, Upper James street, yesterday afternoon. An immense number of spectators were on the grounds, and a very lively interest was manifest in the game. The Actives first went to the bat, making 36 runs in eight innings. The Maple Leaf players made 90 runs in the same number of innings, it being too dark to play the ninth innings. The playing of the latter club at this match show that they are still hard to beat.
