Another game in the third-class was in progress on the Infantry Barrack square during the forenoon between the "Beavers," of St. Mary's, and the "Stars," of St. Thomas—both clubs having won one match. The respective nines were well matched, and some very fine play was exhibited on both sides. The "Stars" entered a protest against the "Beavers" with the Committee previous to the commencement of the game, alleging that five of their players were members of the "Atlantic" club, of St. Mary's. The following is the score:—
