lare West,

The most important match of the tournament thus far, and one of the most exciting that has ever been played on the Cricket Square, came off in the afternoon, between the present cham-pions of Canada (the "Young Canadians" of Woodstock) and the "Maple Leaf" of Guelph, and was witnessed by a large concourse of peo-ple, both stands being well filled. The game was called at about half-past two o'clock, the "Maple Leaf" going to the bat. In the first innings, the Guelphites did some splendid batting, and their opponents considerable loose play, allowing them to make 3 runs before the third man was out. The "Canadians" then went in, but succumbed to the superior fielding of the "Maple Leaf" boys with one cun to their credit. In the second and subsequent in nings the "Maple Leaf" beaded the score, and maintained the lead through the entire game. The playing of the Guelphites, as a whole could scarcely have been excelled, while that of their opponents was, at times, very loose, and even approached racklessness. Buring the game. Clyde, the pitcher of the "Canadians," received a very "hot" ball from Smith's bat, which struck him a severe blow in the pit of the stomach, causing him to cease play for a few minutes. Restoratives were payed with his usual applity. The individual play of Goldie, the left field of the "Maple Leaf," was the best that has ever been witnessed on the field. In the course of the game, he caught four "tlys," and had to run a distance of from 30 to "tlys," and had to run a distance of from 30 to 50 yards in order to reach them. He was ustily cheered by the crowd, and the general opinion on the ground was, that he was the best fielder and catcher in Canada. It is attact that a crack club of New York made him an offer of \$1,200 a year to play with them in his position of left field, but he declined the offer, preferring to play for amusement with the old club. of which ke hill It is the the n the play for amusement with the old club, of which he is undoubtedly the "lion." The fielding of Douglass, of the "Canadians," was very much admired, and in the centre field, he excelled c raion ll hgton ally, of out fell the expectations of his numerous friends. batting of Pascoe and catching of Nicholls was also deserving of mention. This is the second time during the summer that the "Maple Leaf" have beaten the "Canadians," and M his be City (irithith the fact speaks well for the prosperity of their club, the thoroughness of the organization of which is mainly due to Captain Nicholls.
