

BASE BALL.—A match between the "Union" and "Maple Leaf" Base Ball Clubs was played on Friday last, and resulted in victory for the boys; thus they have turned the tables, as the men were winners last time. The day was fine, and the game was kept up with augmented ardor until its close. In the first innings the scorers of both clubs went in for conquest in right good earnest, and doubled the score on the seniors. The total runs made by the Union were 56; by the Maple Leaf 28.
