

THE BALL AND BAT.—An interesting match at base ball was played yesterday afternoon on the Cricket Ground between nine members of the London Cricket Club and the Tecumseh Club. Throughout the game some sharp playing was made by both sides, the cricketers in the first three innings leading their opponents considerably. The "ball tossers," however, warned to their work, and, when the game was called on the sixth innings led their "brethren of the willow" by 21 runs, the score showing Tecumseh 35, Cricketers 14.
