

BASE BALL.—The match played yesterday afternoon on the grounds of the Maple Leaf Club, Upper James street, between the celebrated Forest City Club of Rockford, Ill., and a Nine selected from the Maple Leaf Club of this city and the Independent Club of Dundas, resulted as was expected in an easy victory for the Americans. The Canadians have had very little practice as yet this season and consequently failed to come any near their usual mark. Several catches were muffed, and wild throwing was the rule instead of the exception. Their batting was generally weak, although a few magnificent hits were made. The play of the Forrest City boys was excellent, and served to show that they are experts at the game. The following is the score:—
