

REJOICINGS AT WOODSTOCK.—The inhabitants of Woodstock took advantage of the news of the Atlantic Telegraph success, to escape their ordinary occupations yesterday, and indulged in a general jollification. The great **base ball** match for the championship of Western Canada, between the Dundas and Woodstock clubs, transpired at that place yesterday, and added to the *eclat* of the celebration. The game was a very spirited one, and occupied from 2 o'clock until 8 p. m., although the playing on either side was not of a character particularly brilliant. At the close the score stood: Woodstock, 98; Dundas, 48. Woodstock therefore still retains the little silver ball, and presumes the distinction of the champion club of Western Canada.
