

**Base Ball Match.**

**"BEAVER" vs. "YOUNG CANADIAN."**

The "Beaver" Club of Newcastle paid a visit to Woodstock on Tuesday last, where they engaged in a match with the "Young Canadian" Club of Woodstock, for the Silver Ball and championship. A very large assemblage of spectators was collected on the occasion, considerable interest being taken in the match. Both Clubs were fully represented, each turning out their best nines. The game opened in favor of the "Young Canadians," by a score of 24 to 10, who very creditably maintained the lead up to the close of the 6th innings, when the totals stood 80 to 28.—Finding that there would not be time to play the remaining 3 innings before dark, and also thinking it quite unnecessary, there being so much difference in the score, the Newcastle boys thought they might as well "cave in." The playing was very good all round, except the fielding of the Newcastle Club. We think they will need considerable more practice before the Silver Ball will find its way to the Town of Newcastle. We append the score :
