

Base-Ball Match.

The match between the Grammar School Club, of Ingersoll, and the "Actives" of Woodstock, was played here on Monday last in the presence of quite a large number of spectators, resulting favorable to the Ingersoll boys. Though the players were young in years as well as in the game, the match was splendidly played, and towards the close, the score being so nearly even, considerable excitement prevailed amongst the spectators as well as the players. All the players were good, their positions on the field well chosen, and if these two young clubs keep together for a year or two more, it will take an extra club to beat them. Fielding was the feature of this contest, both sides being about equal, and showing a splendid style of play. The decisions of the Umpire were very satisfactory. The game was marked throughout by the utmost good feeling between the two Clubs, and when the game terminated refreshments were partaken of and the boys separated. The "Actives" scored 27, and the Grammar School Club 31, winning by 4 runs. Umpire, N. Bucker. Scorers—Mr. J. Strauchon, of Woodstock, and Mr. George Brown, of Ingersoll.
