

BASE BALL.—A friendly game of Base Ball came off at Drummondville yesterday between the Cataracts (formerly Loyal Oak) of that place and the Young Mechanics' Club of this town. The game was fixed for 2 o'clock, but on account of a pleasant shower which commenced just as the boys were about to take the field the game did not commence till 3 o'clock. This is the first match the Young Mechanics have played, so it will not be at all surprising to know that they were beaten by large odds by the Cataracts, who have been longer organized, and have played several matches. The fielding and batting was good on both sides. The Young Mechanics dined at the National Hotel, where they received a "good square meal" from mine host T. Ellis, a brother of "Aut's." The members of the Mechanics' Club were C. Hemple, W. James, G. Wilmot, J. Dale, A. St. John, Jake McInerny, H. Rae, and R. Magnes, with S. Reid as scorer. The game was finished about 7 o'clock, when the score stood as follows:—Cataracts, 9 innings, 93; Y. Mechanics, 9 ings., 26. During the game the Cataracts whitewashed the Mechanics twice, and the Mechanics whitewashed the Cataracts once. The return match will be played in this town in two or three weeks.
